

# March 2017 Aoyama High School Bulletin #127

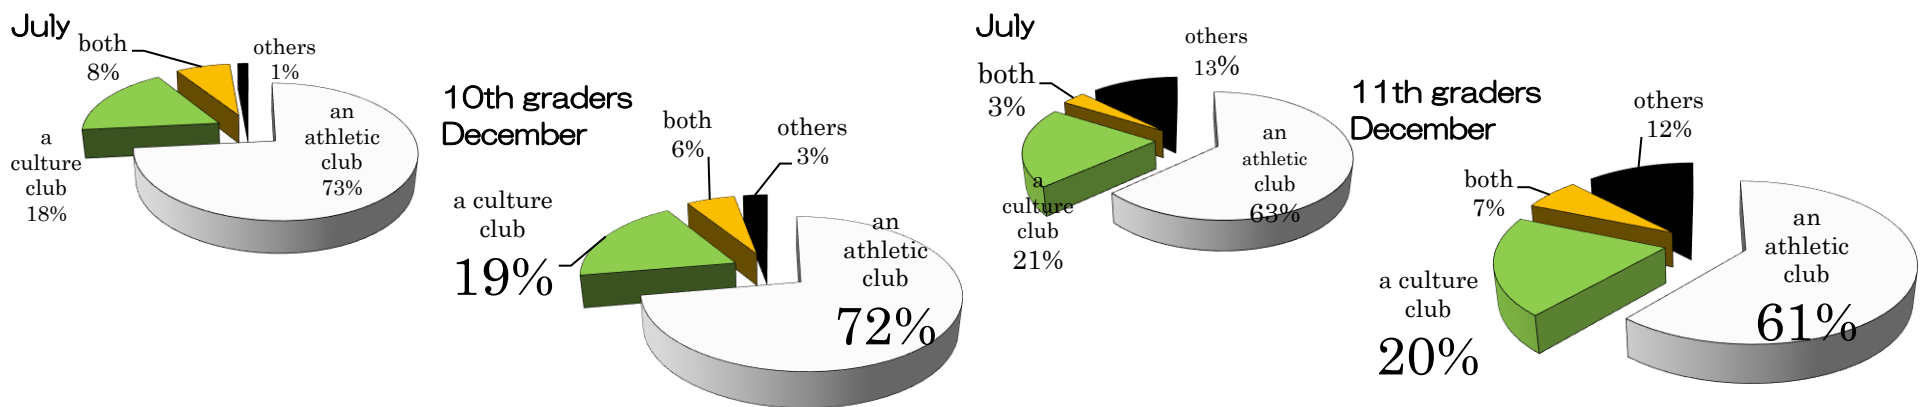

Ladies and gentlemen, the 2016 school year will be over within a month. The **eleventh** graders will visit Kyoto, Nara and Osaka as a school trip from the 20th. That will strengthen bonds of friendship. They will be seniors soon and will concentrate on studying. I hope they will be able to realize their dreams next spring. The **tenth** graders will play important roles in curricular and extracurricular activities. They will have freshmen, *Kohai* to help in April. I hope they will be good *Sempai*. On March 15th, we will have the 69th graduation ceremony. The **twelfth** graders have worked very hard for these past three years. It has been a wonderful pleasure to see their eager studying in classes and in study rooms, and their enthusiastic work on the stage or behind the scenes during the *Gaien-sai*. I hope they will cherish their days at Aoyama High School long after they graduate.

## The 2<sup>nd</sup> Questionnaire Survey

December 2016

Q1 Do you belong to an athletic club or a culture club, or both?

Q2 Do you go to *juku* or prep school?

There are not big differences between the results of the July survey and those of the December survey. It is important for us to give our students a good environment for studying at school. And we succeeded in creating special budgets for this purpose.
